

GOOD VISIBILITY =
IMPROVED LOADING/AIMING!

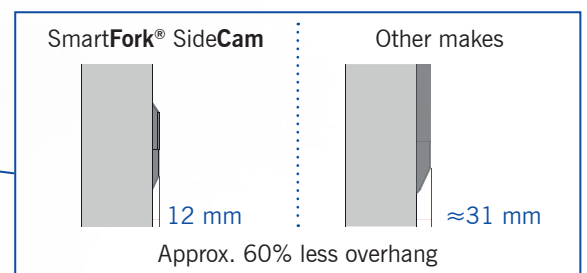

SmartFork® SideCam

Forks with side-mounted camera

YOUR BENEFITS:

- ▶ Easy and safe retraction in pallets
- ▶ Improved lifting of loads
- ▶ Both forks in the camera field of view
- ▶ Unique: Semi-integrated camera installation and cable routing in the fork
- ▶ Significantly stronger and more durable solution compared to previous systems

The SmartFork® SideCam can be perfectly combined with additional ancillary equipment:

- ▶ SmartFork® Laser: Projection of a line laser integrated in the fork tip onto the load and the load carrier for improved aiming

INSTRUCTIONS FOR USE:

- ▶ No or poor visibility in front of the load when the forks are loaded
- ▶ Not suitable for small entry pockets
- ▶ SmartFork® SideCam for multiple pallet handlers on demand

Note:
The product is an assistance system and thus does not absolve the user from the obligation to exercise due care!! The illustrations only represent the basic principles and do not constitute a contractual entitlement.
